How We Assist...

GOVERNMENT ENTITIES

Experience and integrity to meet the demands of government entities of all sizes.

**School districts. Counties. Cities. Towns. Villages.
Community Colleges. Public Authorities.**

Bonadio has a long history of working with government entities of every kind, from performing annual financial statement audits to finding ways to lower costs and fight fraud, we deliver outstanding results.

Our mix of traditional and consulting services and our responsive, dedicated Government Team have made us one of the largest, most successful CPA and consulting firms serving governments across New York State. We have conducted thousands of audits for a variety of governmental entities every over the years. Our team knows their way around the most recent GASB, Yellow Book and other auditing standards.

If there's a way to cut costs, we'll find it.

Beyond auditing services, Bonadio works with governments to find ways to cut operating costs, streamline operations, and eliminate waste. Our CPAs, CFEs and MBAs bring real-world, hands-on experience to offer you sound business advice and solutions surrounding internal controls, accounting systems, and fraud prevention—all designed to save you money and help you run your government better.

Tighten controls. Minimize risk.

Bonadio has a dedicated Enterprise Risk Management Team with dozens of SOX 404 engagements under our belt. Which means we have the tools and know-how to assess, document, test, and remediate both financial and IT internal controls. We can help you minimize risk through improved business processes and compliance initiatives that create excellence and integration in people, processes, and systems. For instance, Bonadio's Medicaid fraud and abuse detection services, offered to county Medicaid programs, is earning a statewide reputation for delivering extraordinary services and an extraordinary return on investment.

Big firm capability. Small firm personality.
